

Growing Leaders Course

The course will take approximately 1 year to complete and it is essential that you are able to commit to this in order to gain most from the material.

The course will cover three main areas of teaching during the year.

Part 1: Firm foundations for Christian leadership

The Bible places a clear emphasis on character as 'qualifications' for leadership. What are these qualities and how do we grow them?

Part 2: Key skills of Christian leadership

Jesus developed leaders around him. Christian leaders will need to do the same and we have to learn how to work well together.

Part 3: Keeping faithful in Christian leadership

Too many people have unrealistic expectations of Christian leadership. How do we run the race well?

There will be some written project work to do and assignments to complete. These are designed to help you learn, grow and put into practise the things you are learning so they are an essential part of the course.

Introducing Charis Ministries

Charis Ministries UK is a registered charity founded by David & Beverley Dickson to help leaders receive training, equipping and developing for ministry.

In the UK, David and Beverley are based at the Elim Church Crawley where they enjoy being part of the leadership team and also involved in itinerant ministry to other churches in the UK.

Charis Ministries is committed to helping you in three main areas:

- training for local leaders
- equipping for missions
- developing for ministry

The heart of Charis Ministries:

- network across denominational boundaries
- minister to other nations from the launching pad of the UK
- teach in Bible schools, colleges and seminaries as well as the local church setting
- develop people with a heart for mission
- collaborate in taking teams to other nations with a component of mercy, of practical help as well as transformational leadership.

Charis Ministries networks widely across various Christian denominations to teach evangelistic, discipleship and leadership materials developed through pastoral and itinerant ministry in the UK and internationally.

We regularly participate in teaching and training through conferences, seminars, church ministry workshops, evangelistic events, Bible College ministry.

The ethos of Charis Ministries:

Charis Ministries is committed to:

- Helping develop leaders who lead out of a deep relationship with God focusing on servant-leadership
- Helping develop leaders who passionately believe that taking the gospel to others is still the primary

mission of the church

- Helping develop leaders who minister within a network of friends, from different backgrounds, who value the working of team ministry
- Teach the principles of ministry based on the word of God, so the word of God is allowed to bring people to a place of maturity.
- Our desire is to see people trained in the word of God and ministering by the Spirit of God to fulfil their unique calling.
