UK Registered Charity No. 1154811

Charis Ministries is an independent UK registered charity committed to developing, equipping and supporting Christian leaders, who work in challenging environments, to achieve God's purpose for them, and to bring hope into lives and communities.

Charis Ministries seeks to assist Christian churches with education programmes, workshops, seminars and local development projects.

We believe in fostering a culture of transformational leadership, and helping people connect to God through the power of the Holy Spirit. We work, lead and teach for TRANSFORMATION not information.

We aim to **equip, educate and engage** at the local level.

Our work In India

- Pastor Amit and the team are focused mostly on proclaiming the Gospel to those who have yet to hear it and planting churches.
- They are currently working in about 700 villages, equipping and training believers, and reaching out to new places where no church currently exists.
- We are also working with Pastor Amit for under privileged children in the slums of New Delhi and the Punjab to give

them hope and a chance of a better future.

- Initiatives have included providing warm clothes and food. We are aiming to launch a school project in an Amritsar slum (northwest India) for these children.

Our Work in Pakistan

- Among its population of almost 200 million people, the global slavery index report estimated that over 2.3 million people are in bonded labour, while some suggest as high as 4 million people are. Many of these are in found in the brick factories.

- Charis ministries partners with our local team to operate a school to educate 50 children for 2 days per week in a brick factory in Vadana Kasur, near Lahore.
- Our vision is to educate 1000 children.
- In addition, we also oversee Charis Bible School based in Lahore to train and equip local leaders to best serve their local community with a vision to see many new bible schools started.
